LINER COLLIDES WITH BIG FREIGHTER, U. S. WARSHIPS RESCUE PASSENGERS

BOTH VESSELS ARE SERIOUSLY INJURED

New York, May 26.—The Dutch liner Ryndam, which sailed from this port yesterday for Rotterdam with 77 passengers and a million dollar cargo, was badly damaged in a collision fifteen miles south-west of the Nantucket shoals tonight at four o'clock this morning with the tramp lighter Joseph J. Cunneen, which sailed from Boston last night for Barcelona, Cuba.

Both vessels were seriously injured. The Ryndam, wireless reports indicate, was struck aft with such force that hold No. 5 filled almost immediately, water flowed freely into the engine room and began to creep up in hold No. 6. The Cunneen's bows were smashed in badly.

S. O. S. signals were flashed from the Ryndam's wireless and her passengers were transferred hastily to the Cunneen. One hundred and sixty of the Ryndam's crew of 200 likewise were put aboard the liner to navigate it.

United States battleships in the vicinity answered the wireless calls. At seven o'clock, three hours after the collision, the battleship South Carolina was standing alongside the Cunneen. The Ryndam's passengers and those of her crew, who had been transferred to the Cunneen were taken off by the South Carolina. The battleship was directed by wireless from the Newport navy yard to

ENGLAND PROMISES PRIZE COURT TO SATISFY AMERICAN PACKERS

Washington, May 26.—Ambassador Page cabled Secretary Bryan today that Sir Edward Grey had given assurances that prize court proceedings in four of the American cargoes, destined to European neutrals, but held in British ports, would proceed without delay on June 7. Sir Edward Grey requested that counsel for the packers be present. Alfred Urien, their general counsel is preparing to leave Saturday.

Secretary Bryan, in making public the announcement today said it was the result of negotiations here between Mr. Urien and Mr. Meeker of Armour and Co., and British embassy officials. Conferences continued here today about 27 other cargoes.

Mr. Urien said he was hopeful that a complete understanding would be reached. It is said that an arrangement would be made for payment for the detained cargoes and that the packers will agree to make specific consignments of future shipments to neutral nations so as to avoid suspicion that they might be destined for Germany.

WILSON GREET'S CHINESE, HAS THEM IN HIS HOME

STRANGLES CHILDREN, ENDS LIFE

Expresses His Deep Interest In Future Of Their Republic

New York, May 26.—Mrs. Charlotte O'Neill, wife of Francis O'Neill, an architectural engineer, was found dead today with a bullet in her heart in a bed room of her home in an exclusive residential section of Brooklyn.

In an adjoining room lay two of her three children, Josephine, one year old and Francis, aged four, with cords drawn tightly around their necks. The boy was later revived but the baby died.

Detectives said in their theory Mrs. O'Neill became suddenly demented, tied the cords around the children's neck and then, believing them dead, killed herself.

Washington, May 26.—Deep interest in the future of China was expressed by President Wilson today in welcoming the commission of Chinese business men touring the United States. The president told them the interest of the people of the United States in China was not merely a commercial or a professional interest.

Headed by Kai I-fu Shih, the Chinese minister, the delegation was received in the Blue Room of the White House. Each member of the party was personally introduced by the minister.

Spokesmen for the commission told the president they brought greetings from the Chinese people to the president and people of the United States and they would endeavor to make their republic a real sister.

Replying President Wilson spoke as follows:

"It is not a mere form that I go through in expressing to you our very cordial welcome to the United States. I think that I can say to you with the acquiescence of all my fellow countrymen, that our interest in China is not merely a commercial interest and is not merely a professional interest. The people of the United States are deeply and sympathetically interested in China, and in the unlimited future that lies before your great republic."

"I hope sincerely that everything has been done for your comfort and convenience and if anything has been overlooked or omitted, that you will give us the advantage of any suggestion so that we may put ourselves at your service. My welcome is hearty and I am sure that every true American would wish to co-operate with me and join me in this welcome."

AMERICANS IN ITALY TO LEAVE

Washington, May 26.—Although the effect of Italy's entrance into the European war on American citizens in that country has not yet become apparent in the state department's activities, officials expect there will be a considerable exodus of Americans in connection with which a rush of work may develop.

Department officials are unable to estimate how many Americans there are in Italy but the number is large, many of whom it is said, in anticipation of the breach between Italy and Austria applied to the department for documents establishing their citizenship. Most of them are students and tourists.

MRS. STUYVESANT FISH, SOCIETY LEADER DIES

Garrison, N. Y., May 26.—Mrs. Stuyvesant Fish, aged 60, leader of New York's social set, is dead at Glen Cliff, her summer home here. She died last night of cerebral hemorrhage after an illness which had lasted only a few hours. Her husband was with her when she died, but her three children, Stuyvesant, Sidney and Mrs. Albert Z. Gray, did not reach the house till a short time after she had died.

Mrs. Fish was born in New York. Her maiden name was Marion Graves Anthon. On June 1, 1876 she was married to Stuyvesant Fish, a well known railroad man and financier and son of Hamilton Fish, secretary of state in the cabinet of President Grant. With her husband she was introduced into many charities and entertained liberally.

RAIN STORM DAMAGES SOUTHERN OHIO BRIDGES

Cincinnati, May 26.—A heavy electrical and rain storm visited Cincinnati early today and according to the weather bureau a fraction of over an inch of rain fell. At the Fernbank dam there was a fall of two inches and 15.20 recorded, while Maysville, Kentucky, reported the fall of three inches.

The storm tied up traffic on the interurban lines above Ten Mile Creek west of New Richmond, also on the C. & I. and a traction line, and caused a two hours delay on the Sedamsville traction line. Two supports under a bridge over Ten Mile Creek were washed away while a culvert under the lower river road at North Bend collapsed.

BECKER TO DIE WEEK OF JULY 12

Albany, N. Y., May 26.—The court of appeals today fixed the week beginning July 12 for the execution of former Police Lieutenant Charles Becker, convicted of the murder of Herman Rosenthal.

MAY PROBE PRESBYTERY

Rochester, N. Y., May 26.—Flushed with victory over the adoption late yesterday of the report of the special committee appointed to investigate the status of Union Theological Seminary, the ultra conservative element of the 127 general assembly of the Presbyterian Church of the United States in session was expected today to offer a resolution providing for the appointment of a committee to investigate the New York Presbytery.

ITALY SAYS ARMY HAS MADE ADVANCES

Paris, May 26. (7:10 p. m.)—The Italian government today declared a blockade of all ports on the Austro-Hungarian coast.

Rome, May 26. (via Paris 26)—Offensive operations resulting in the occupation of Austrian territory all along the frontier from Lombardy to the Adriatic are claimed in an official statement issued tonight by the war office. Italian troops have seized various towns in the Trentino and forced their way through mountain defiles. On the lower Isonzo attacks were continued to gain the line of the river. The Austrians are said to have retired, destroying bridges behind them. Italian aviators bombed Monfalcone, near the gulf of Trieste. The communication follows:

"Everywhere on the 24th our troops took the offensive, occupying Forella, Montezzo, Tonale and Ponte Caffaro in Val Giudicaria, the territory north of Ferrara and Montebaldo.

"They also occupied Monte Remo and Monte Foppa, on the slopes north of Lessini; Monte Pasubio and Monte Buffalini at the extremity of the Agno and Loagang Valleys, and the defiles of Val Brenta. We took a number of prisoners. In Cadore we occupied all the frontier defiles.

"The enemy's medium caliber artillery opened fire on the bay of Misanina, but without results.

"On the Carnia frontier, on the night of the 24th, we took by a bayonet attack the defile of Val D'Inferno and the extremity of Val Dagnon.

"On the Friuli frontier, on the 25th, in the middle of the Isonzo region, we successfully continued our offensive operations near Catoretto. We have disposed troops between the Janurio and the Isonzo. Medium caliber artillery of the Austrians at Santa Maria and Santa Lucia to the southwest of Tolmino opened fire, on the heights between the Judicio and Isonzo, but without result.

"On the lower Isonzo we also continued our offensive to attain the line of the river. Everywhere the enemy retired, destroying bridges and cutting communications.

"Our aviators bombarded the electric power house and railroad station at Monfalcone."

GERMAN REPORT
Berlin, May 26. (Via London)—The German general army headquarters staff today gave out the following statement:

"In the western theatre:

"A night advance by the enemy against our newly acquired position west of the forest of Belleward easily was repulsed. The number of machine guns taken from the English was increased to ten."

"Northeast of Givenchy colored British troops succeeded last night in capturing a projecting part of our outmost trenches.

"Farther south, between Lievin and the Lorette hills, an enemy civilians nor seize their property."

NEBRASKAN IS HIT CLOSE TO SCENE OF LUSITANIA SINKING; NO LIVES ARE LOST

Washington, May 26.—The official and news dispatches on the Nebraska were communicated to the president but no comment was forthcoming from the White House. It was indicated that a full investigation would be made as promptly as possible.

Secretary Bryan said the state department's information was too meagre to permit the forming of an opinion. He said a full report with details of the attack was expected soon.

The Nebraska was on her way home to fulfill a contract of her owners, with the United States Navy Department to carry coal from Newport News to San Francisco. The agents were to have the Nebraska in Hampton Roads June 5. She was not under charter to the navy but was to carry the coal as freight.

London, May 26. (12 Noon)—The American steamer Nebraska, Captain Green, from Liverpool, May 24 for Delaware Breakwater, was torpedoed yesterday by a submarine at a point forty miles west southwest of Fastnet, off the southwest of Ireland.

Immediately after she was struck the Nebraska began calling for help by wireless. Brownhead received the wireless communication at 9 a. m. yesterday from Crookhaven.

The torpedoing of the Nebraska was a surprise to American officials here. Apparently it occurred before nine o'clock last night. All foreign vessels leaving Liverpool recently had their names and nationalities painted in large letters on their side and (Continued on Page 6)

DEATH OF RAILWAY MAN IS A MYSTERY

Columbus, May 26.—Mystery surrounds the death of E. N. Brown, assistant superintendent of the Baltimore and Ohio railroad with headquarters in Chillicothe, news of which became public today. Officials and employees at a leading hotel where Mr. Brown died early yesterday would make no statement further than the fact became suddenly ill during the early morning hours and that a physician was called.

The body was shipped today to Chillicothe.

CABINET SUITS KING, BUT NOT THE PEOPLE

London, May 26.—The approval of King George has made the coalition government an accomplished fact and it is generally accepted as the best solution of a bad middle. Nevertheless, the country shows no great enthusiasm over this compromise for the usual party enmity.

In the field of military operations the great onslaught of General Von Mackensen against the Russian line north of Przemyśl and around Jaroslavl shows Austro-German offensive are not exhausted and verifies the belief general in London that the Russians are not well equipped for the defense of this position. Przemyśl has not been sufficiently repaired to run again as a great fortress. It is rather a heavy fortified camp which considerable artillery for its reduction.

In the Dardanelles the allies are officially reported to be slowly advancing against the stubborn opposition of the Turks who have been granted an armistice to bury 3,000 of their dead in front of their trenches. Along the western line of battle the Germans hold a trench east of Ypres which they captured Monday morning from the British and held against counter attacks during the day. Yesterday the French offensive north of Arras developed new vigor with the result that a number of German positions were captured. This French advance like the German movement against the British is not of wide extent, but it included some formidable works.

The official Italian announcement reviewing the first 30 hours of war claims the capture of several Austrian towns just across the border and the occupancy of all frontier passes in Cadore to

I'm still running onto people now and then who are just itching and aching to fight. Guess the only effective cure for folks like that would be a declaration of war, but probably that'd only cure the fight fever. Other ailments would be almost certain to develop over night—ailments like defective hearing, bad eyesight, lame joints and the like. But folks who only talk about fighting are harmless and here's hoping they don't get the chance to be cured. Here's the weather:

Ohio—Thunder showers and cooler tonight; Thursday unsettled.

Kentucky and West Virginia—Unsettled tonight, probably thunder showers tonight.

"SHIP OF DEATH" IS ON ITS WAY TO NEW YORK

New York, May 26.—A veritable death ship is nearing New York according to a wireless message received today by Health Officer Connell. The message said that the British steamer Deva under command of Captain Evans and laden with sugar from Cienfuegos had 25 cases of Beri Beri among her crew of forty men and that eight men had died of the malady since the vessel sailed.

The Deva is reported to have sailed from Havana, May 4 for Cienfuegos. Apparently she made that port and departed for New York.

ARM CRUSHED IN A MACHINE

While operating a binder machine at the Breese Manufacturing company's plant at New Boston early Monday morning, Frank Bassor, of 410 Fourth street, had the misfortune to have his right hand caught beneath the rolls. His hand and arm were drawn beneath the rolls to the elbow, the heavy pressure crushing the flesh badly. No bones were broken, but the injuries will keep him laid up for several weeks. His wrist was also badly sprained.

The injured man was removed to Dr. Cheney's office in New Boston where his wounds were given medical attention. Later he was brought to his home in this city where it was stated Wednesday that his condition was improving.

Thomas in common pleas court Wednesday in answer to contempt proceedings, it being alleged by Attorney Theodore K. Funk representing his wife, Barbara Revare, that Revare had willfully violated the order of the court requiring him to pay alimony to his wife for the support of their children.

After hearing the young man's statement, Judge Thomas subjected him to a severe arraignment for his disregard of the court's order, and informed him that no more leniency would be shown him. The court advised the assignment clerk, Wylie Kules, to assign for hearing the trial of Revare on an indictment returned against him by a former grand jury on a charge of non-support, and warned the defendant that he would have to abide by the consequences. This indictment had been held up pending Revare's obedience to the court's order.

Revare was represented by Attorneys Milner, Miller and Seal, at the contempt proceedings, the court stating that his former attorney had refused to represent him any longer. Judge Thomas called attention to the unusual consideration that had been shown Revare, and his failure to avail himself of it.

Mrs. Frank Garner left today for a visit with relatives in Latham.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' famous Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 37 years and eminent authority on the subject, has discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keyword" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull red feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

"Storm" Two Reel Feature At The Thalian Tonight

A picture with an appropriate title is the headline on the bill at the Thalian tonight. "Storm" is a two reel Rex drama pretentious in plot and gripping in its fascination. "Wife's Pling" is a one reel imp comedy that will nicely balance up the bill and combine to make an excellent evening's entertainment. And don't forget the Baby Contest.

Thursday's program will include a two reel Gold Seal drama "Blood of the Children," and a one reel Nestor comedy, "Mix-up at Maxims."

The Movies**At The Temple**

"The Exploits of Elaine," two reels, is one of the features of the program at the Temple tonight. This is the twelfth episode of this celebrated picture. Don't fail to see it.

"The Sons of Toil" is another two reel picture, a drama, a western mining strike, with Richard Stanton, Jack Nelson, Margaret Thompson, Milton Ross and J. P. Lockney starring.

Tonight's bill is an exceptionally good one.

"The School For Scandal"

Sheridan's world famous comedy, a play that has made people laugh for more than a hundred and forty years, "The School For Scandal" is the classy offering at the Lyric theatre tonight. The picture production is in four parts, taking about one hour to show it. The shows will start as early as possible at 6:30, 7:30, 8:30 and 9:30. The admission will be as usual, 10 cents. This is really a masterpiece and if you miss it you will be sorry.

"The Fairy and the Waif" is the attraction for tomorrow, the first production from the Frohman Amusement company, and it is a great story. The tale of a real flesh and blood fairy who changes gloom to gladness. Mary Miles Minton, who starred as "The Little Rebel" takes the leading role and Percy Helton the boy of "Peter Grimm" fame is also starred. The whole production is a splendid affair and you should make it a point to bring the children who will enjoy it and see in it a beautiful lesson.

Charlie Chaplin is the big screen for Friday, along with a top-notch society drama "The Quicksands of Society." Mana-

ger Mack announces that he has booked for early showing "The Goddess" a serial picture produced by the Vitagraph company featuring Anita Stewart and Earle Williams. This serial story is so far superior to anything you have ever seen or heard of in the way of a serial, there is no comparison. It is something elaborate and beautiful, an accomplishment that will set a new pace for costly and magnificent pictures.

At The Exhibit

Many who have a few leisure moments at the noon hour during the week days have the opportunity of seeing a moving picture show, as the Exhibit is always open. Manager Law, since opening his house at ten o'clock every morning finds that employees in the downtown establishments are taking advantage of the opportunity to see a five-cent show during their mid-day hour of rest. Many patrons are patronizing the morning and noon shows, and the policy of the Exhibit to run continuous shows will no doubt prove a complete success.

Tonight's big attraction is Rex-fax Minstrel motion pictures, something altogether new and original, and to be seen only one place in the city, The Exhibit. In addition there is a two-reel feature, Ex-Convict No. 4287, a Reliance and a Thunhauser comedy, "Mishaps of Minutemen." All this big program with orchestra music, for 5 cents.

Tomorrow's program, "The Girl Who Might Have Been," a two-reel Kay-Bee, and "Beating Hearts and Carpets," Keystone comedy.

Howe's Pictures

Lyman Howe's travel pictures showed to a capacity house at the New Sun theatre last night. Mr. Howe is showing the usual highly entertaining feature pictures that has made his name famous everywhere. The educational features are better than ever and the part given over to native life in the Philippines is of exceptional interest. The trip with Howe through Sunny Italy shows some of the most beautiful scenery in the world.

Our navy, the big feature of the bill, is very entertaining to the average American as it shows the fighting strength of that wonderful organization.

This part of the picture is both interesting and educating, giving every one an opportunity to realize what our navy means. The cartoons that have always been the comedy part of Mr. Howe's pictures are better than ever. There is a laugh in every one and you will enjoy every minute of the time if you visit the Sun tonight. Two Big Features At Arcana Tonight

"Manager Potts, of the Arcana theatre has two headliners for his big army of patrons tonight. First will be a two reel drama, "Hearts and Flames" a strong play, portrayed by the leading actors. The second feature will be "His Last Trick," a guaranteed production. Manager Potts declares that tonight's program will be one of the strongest he ever offered his patrons and that is saying a whole lot. Some classy features are being steadily produced at the Arcana and Manager Potts is to be congratulated upon his bookings.

The Arcana is still at every night performance, which alone speaks volumes for the class of entertainment provided. The theatre in its new dress is now one of the most modern and best equipped in the state. It is cool and sanitary and comfortable as well. And then, you know, the price of admission is only 5 cents.

Pastime at Sciotoville

Attendance at the Pastime, Sciotoville's new moving picture house, has been very encouraging despite the inclement weather. Rain has on several nights interfered with the plans of the management owing to the fact that only a limited number of seats are protected by a roof. But in the future more seats will be under cover as the owners have made arrangements to extend the roof which will give them a protected seating capacity of at least 250.

Power for the Sciotoville house is developed in a little plant in the rear of the air dome. And it is settled beyond a doubt that Sciotoville is getting an clear and steady pictures as given in the big houses in Portsmouth. Arrangements have also been made for to attractively paint the entire house. There is no question but what Sciotoville residents appreciate their cozy little moving picture house and will support it.

Four reels of high class pictures are shown every night. The admission for adults is 10 cents and children 5 cents.

The bill is headed by a two reel feature with two supplementary single reels, all high class, supporting it. Tonight's program includes: "Satan McAllister's Heir," two reel Domino; "Love in Armor," "Keystone comedy; "His Return," a Majestic drama. All of these pictures are produced by high class companies, and some of the best actors in the moving picture world are playing them.

Tomorrow night's program will be: "Ex-Convict 4287," a Reliance two reel feature; "In Wrong," a snappy Royal comedy; "Mishaps of Marcelline," a Thunhauser comedy.

Western Feature At The Strand

An original western two reel thriller, "The Desert Breed," fea-

tured by Pauline Bush and Lon Chaney is replete with gun play and the wild life of the arid desert country in the great American Southwest. This is a very unusual western drama of the desert. True to life it shows how the "Desert Breed" stick together regardless of circumstances. Realistic scenes and exciting action make this a great play.

"Kid Sisters," Crystal one reel drama of life, makes a beautiful offering.

"Olive's Set," one reel Sterling juvenile comedy played by tiny Billie Jacobs and Olive Johnson, will tickle the "kiddies" and make the "grown-ups" smile with approval.

At The Scenic

The Scenic headliner for tonight is the Essanay, two reel drama, "Third Hand High," with Richard Travers, Ruth Stonehouse, Bryant Washburn and E. H. Cline playing the leading roles. This is one of Essanay's best productions and will please the most critical. The third reel is Biograph drama called "Fate's Protecting Arm," with Augusta Anderson and Robert Nolan featured. The fourth reel is a Lubin comedy entitled "Patsy on a Trolley Car," in which Patsy gets herself in to some very humorous predicaments. Tomorrow's big feature is the wonderful Kalem three-reel feature, "The Siren's Reign," featuring Alice Hollister, Anna Nilsson and Harry Millard.

Not to be limited in his diet but to eat whatever he pleases without discomfort is the dream of every dyspeptic. Nobody can honestly promise to restore any stomach to this happy condition because all people cannot eat the same things with equally satisfactory results. It is literally true that "what is one man's food is another man's poison." But it is possible to select a perfect diet from articles of food that cause no discomfort and it is possible to tone up the digestive organs.

When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without food is impossible and Dr. Williams' Pink Pills offer the best way to build up the blood. They also have a direct action on the nerves and as the nerves control the processes of digestion, these pills are especially good in stomach trouble attended with thin blood and in nervous dyspepsia.

You can begin this treatment at once because your own druggist sells Dr. Williams' Pink Pills. Perhaps you are not eating the right foods. Sometimes the very things that people eat "for their health" are the things that hurt them. A good and reliable way to get Dr. Williams' Pink Pills offer the best way to build up the blood. They also have a direct action on the nerves and as the nerves control the processes of digestion, these pills are especially good in stomach trouble attended with thin blood and in nervous dyspepsia.

The Graduation Gift

There is no gift that gives the pleasure that a Diamond Ring does. It becomes a priceless possession, prized both for its beauty and value, and also because of the associations with Graduation Time.

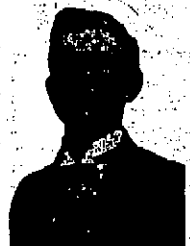

It starts the graduate out with something of real value, that never depreciates in price, never wears out, never can be anything but fine and beautiful. Which is not a bad ideal and example to young people.

OBITUARY

JOHN M. WILLIAMS

The community mourned the death of the late John M. Williams when the news of his death was flashed over the city Tuesday afternoon. Three days and a half after he had been injured in a collision with a street car near the corner of Main and John streets, his spirit left his earthly home. He never regained consciousness after the accident.

Mr. Williams' activity in business, religious, fraternal, and social circles earned him a wide and high regard in the community that few men attain. From a humble beginning as a boy, his efforts to a career of commanding influence in the community in which he lived. Expressions of sympathy and condolence for his grief-stricken family were general over the city last evening, and attested to the esteem in which he was held.

John M. Williams was born May 6, 1848, at Martin's Ferry, Ohio, the son of Mr. and Mrs. Samuel A. Williams. His father was an iron worker, and the son was a small lad, he came to this city to take a position with the Gaylord Rolling Mill company. Portsmouth came to be the residence of Mr. Williams until his death.

In his early youth and young manhood were spent in this city. His first real employment was as a ship boy on one of the Ohio river steamers, and he followed employment for some time, earning merited promotions in the process.

At the age of sixteen years he left under the Stars and Stripes as a volunteer in the 189th I. I. in 1864, and served with distinction during the period of his enlistment, three months, at the close of which he received an honorable discharge.

After his discharge he returned to this city and took up the trade of carpenter, which he mastered with unusual diligence and adaptability. His apprenticeship service was with Robert Baker, at that time of Portsmouth's leading carpenters and builders.

In 1880 he engaged in partnership with Thomas Johnson in the building business, and the two joined together for several years. Later Mr. Williams acquired an interest in the Smith Lumber company, which he disposed of in 1893, and with W. A. Miller, of the Williams-Miller Lumber company.

Some years later he bought out his partner, and continued the Williams Lumber company, located on the Gallia

MUST GIVE TO Y. W. C. A. OR GO TO REFORMATORY

Alton, Ohio, May 26.—L. Os. guilty. Judge E. D. Fritch, in suspending the reformatory sentence declared Beck must observe all city, state and national laws, must abstain from liquor and keep out of saloons for three years, must not drive an automobile in Ohio for three years. Then the court hesitated.

"These are only negative things," he said. "The prosecutor should take positive steps to ascertain that Beck is building up his character and making amends to the state and society. I therefore rule that beginning July 1 he shall pay into the Y. W. C. A. treasury the sum of \$100 annually for three years."

ITALIAN KING WILL GO TO FRONT THIS WEEK

Geneva, Switzerland, May 26.—Italian troops which have invaded Austria along a line near the border, running north of the gulf of Trieste, continue to advance toward the Isonzo river at three points, forcing the Austrians to retire. Apparently the Austrians thus far have made no determined resistance.

The Italians captured 200 prisoners yesterday. Casualties on both sides have been slight.

King Victor Emmanuel is expected to go to the front this week. He probably will proceed to the headquarters of Lieutenant General Count Cadorna, Italian chief of staff.

The Italian ambassador to Germany is expected to reach Chiaso, Switzerland, tonight.

OH DEAR, N. Y.'S "FINEST" NOW WEARS FULL DRESS

New York, May 26.—Squads of policemen attired in evening clothes are making nightly rounds of the cabarets, restaurants and dancing parlors. It was learned today in the course of a police investigation as to the conduct of these places. The inquiry is the result of allegations made by a woman who recently caused the arrest of her daughter, an heiress, on the grounds of waywardness due, she asserted, to associations formed in the cabarets.

Under the direction of Police Commissioner Woods the squads of investigators are visiting the most widely known dancing places in what is known as the "Upper Tenderloin." The commissioner says the conditions proved to be as serious as alleged and an effort will be made to close the objectionable places, but he added that he believed that Broadway is better now than it has been for some time.

WILL USE AIR TO LIGHTEN THE F-4

Honolulu, May 26.—The use of air to lighten the F-4 in the final effort to drag the disabled war vessel to the dry dock, probably will be resorted to, it was said today.

Work of raising the submarine, which contains the bodies of the crew who lost their lives when the craft went to the bottom more than two months ago, was halted temporarily yesterday by a heavy swell.

which parted two of the lines attached to the bulk.

A scow was brought along the submarine when it is raised to receive the bodies of the crew. Orders have been issued excluding the public from the scene when the bodies are raised.

The F-4 has now been raised within 250 feet of the harbor entrance and lies only 40 feet below the surface.

QUAKERS ASK TO BE EXEMPTED FROM DUTY

New York, May 26.—An appeal to exempt Quakers from military service was forwarded to the state convention today by the Hicksite branch of the religious Society of Friends convening here.

TALK WITH PRESIDENT

Columbus, May 26.—Governor Willis and President Wilson will speak from the same platform next Monday. They will make Memorial Day addresses at Arlington near Washington.

The governor has been at work on the preparation of his address for several days and is now putting the finishing touches to it. He will leave for Arlington Saturday or Sunday.

OBJECT TO RATE ORDER

Washington, May 26.—Representatives of four principal express companies appeared before the Interstate Commerce Commission today to justify their petition for a modification of its rate orders, which would include their gross revenues about 3 and one-half per cent. The companies say they do not wish to alter the fundamental rate plan, but that these changes should be made in terminal allowances and a reduction be permitted in the weight allowance per 100 pounds from 25 cents to 20 cents.

In their petition to the commission in March the four companies set forth that ten months operation under present conditions made a deficit of more than \$2,700,000.

Thermopolis, Wyo., May 26.
Damage estimated at \$50,000 was done by a flood which swept this town late yesterday following a cloudburst in the mountains. OUR LITTLE WORLD.

For nine straight days, ending Monday, rain had fallen in Portsmouth. Most of us felt and vaguely believed it was raining all over the earth. That just shows how immediately our world revolves right around us. As a matter of fact, during all this period, until Friday, the precipitation over the territory within less than a half dozen miles of Portsmouth, was scant and in some directions, starting not farther than ten miles away, there was a drought prevailing to such an extent as to seriously threaten crops.

THE SHEEP AND THE GOATS

Dan Flannigan, who by the way, is the best rifle shot in Scioto county, and who wouldn't be any laggard in getting to the front if Uncle Sam went into this war game, proposes a settlement of our troubles that is just right.

Lying down the Noon Extra, carrying the news that Italy had taken up arms, he observed: "Well, they will fight; I wish those in Europe that don't wish to fight could be traded for our fellows that want to fight." It is a great and approvable idea. The only thing wrong about it is there is no way of making the exchange.

No such thing as luck! At Grafton, Illinois, a hurricane cut off huge trees about a powder factory, at a uniform distance of ten feet above the ground, and yet it didn't even wobble one of the dozen or so factory buildings, though each one had tons of dynamite in it. If that wind had done to the factory what it did to the trees a hole would have been torn through the Sucker State clear down to China.

"It was a cruel thing," said the man who stands on the First National Bank corner every day in the year, holidays included, "it was a cruel and heartless thing, in Mr. Hannon shooting Governor Frank B. out of town by a back road when every Republican in town who had an automobile was herded about the Washington Hotel or strung along the Chillicothe pike to act as an impromptu escort to the chief dispenser of pie."

The sorrow of the newspaper editor over the advent of a new country into the European war is augmented by the fact that every Jim Crow statesman in this country who ever made a speech on preparedness for war immediately begins a mail bombardment of newspaper offices with copies of his immortal declaration.

As we gather it the troubles of Candidate McCormick are not so much in sticking it out himself as it is to see that his able field marshals, Roy McElhenny and George Ditty stick with him. We suggest that he hand out them to his coat tails as the safest way to insure their being on hands when noses are counted.

A contemporary thinks the kings, monarchs and potentates, dukes, earls, royalty and nobility ought to greatly admire us, because after trouncing Spain, we paid her for the Philippines and actually let Cuba go free. True, true, indeed, but so ought the giant, who, without provocation, bullies and bruises the pigmy, be admired because he does not plunder him also.

This world is pretty close knit together, though some people do still claim we ought to build walls of high tariff to shut ourselves off from the rest of mankind. The little run in of Japan on China sent down the price of ginseng, almost destroyed the market for it in this country for the time being. China is quite the sole consumer of the herb and the United States the chief producer.

A Republican writer says the majority of the legislature is against civil service, snail service, as administered by Democrats. Why not be entirely honest about it, quit sniveling and say opposed to the doddered thing until "our fellows" get in. In other words, we are again anything that keeps the other fellows in and us out.

It is no more the villain pursuing her. It is she that is after him, though this particular "him" doesn't happen to be a villain. The suffragettes are going to trail President Wilson wherever he goes this summer.

HAS HE THE MAGIC LAMP?

With delight we read that this and that railway is giving out orders for this and that equipment or improvement, but here with 1915 just turning into the sixth month, we haven't yet had the delirium of our eagle eye falling on the announcement that the N. & W. is going to build a new station at Portsmouth—next year.

Half a hundred Portsmouthians entered Ironton through her handsome and commodious station, Sunday, and going over to the hotel registered from McDermott. A new station is building at the village; nothing in sight for the Peerless, not even a promise for next year.

Worse and more of it! Austria and Italy are now engaged in an ill-natured gabfest as to which is to blame for the war between them. We don't care anything about that. The fight is on and what we want is for one to whip the other good and plenty right away quick.

With some people and papers "standing by the president" means getting near enough to slug him with the club of partisan meanness.

Once more we feel ourselves again. Our days are filled with excursion steamer colloquies and trying to work is again a real pleasure.

Young Doc Sellaris has gotten himself located in the fight for the Republican nomination for mayor. He's for Kups and he expects to swing the whole Willis organization to his choice.

A bunch of slate myrmidons has been here ordering our people to tear down this and to repair that. All very fine—if the orders were only carried out.

Hardest thing in the world break a habit. The New York garment workers are again going out on a strike.

The Sucker philosopher tells us a girl admires a fast young man—that is if she has got him so fast that he can't break away.

Men think that what they attain by the twist of fortune is but a trifling tribute to their desert.

We should say the boss has not as yet regained his own in York State. But never mind, he is a come back who will get back.

Every time a man strikes a road in another county he can tell he isn't in Scioto.

One woe upon another heels doth tread. Now it is macaroni that is going to be scarce and higher because of the war.

Sketches of Little OLD NEW YORK City in yore

New York, May 26.—The shock of the Lusitania disaster gave a new meaning to haste and efficiency in various commercial activities in New York. The newspaper and telegraph offices and cable stations were put to a test that has never been equalled—not even by the Titanic disaster.

The impact of the torpedo against the giant liner started various activities aside from the news gathering efforts. There were buttons on the streets with the Lusitania tragedy depicted by a sinking ship and a circle of mourning around it, 24 hours after it happened. A novel based on the incident is now on the presses.

Probably the greatest feat of all however, was the stroke of a big music publishing house. They received a manuscript on Tuesday noon, May 11, entitled "When the Lusitania Went Down." A consultation was held and the experts declared the melody was all that could be desired. Thirty hours later copies were being shipped from coast to coast. The first day 25,000 copies were sold and three days later the high tide of 75,000 had been reached.

The night after the tragedy the song was being sung with marvelous success in more than twelve theaters in Greater New York.

Edwin Fitzgerald, who is none other than Eddie Foy, dropped into the elating entry in his home town New Rochelle, the other night after attending a theater in New York.

He seated himself at a table and patiently waited the arrival of the garcon. As time wore on he became drowsy and placing his head in this hands he nodded quietly—as if a man could nod any other way.

After a time he felt a gentle tug at his shoulder. He looked up quickly and there was a waiter. "Well, well," said Foy—always the comedian—"I am mighty glad to see you. I have been expecting you every day."

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty: Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant eucalyptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

with a Vandyke beard and some \$50,000 worth of drugs—was caught in a luxurious apartment on 104th street.

He is said to be the chief source of supply for drug fiends in New York. The loot was found in the false bottoms of trunks in the apartment. He has had a varied criminal career, the most notable being his appearance as a yogi, but again the stars have failed him and now his astral body will have a chance to project itself through the walls of Headquarters.

Ellis, known as Charles Boldwin, and many other aliases, was once accused of the murder of Young Paul Hamburger, who spent an inheritance of \$60,000 in two months. During his career as a yogi he collected the life histories of all prominent women in New York for fortune telling purposes.

It takes the out of town visitor to observe things closely in New York. From Cincinnati the other day came Mike Keefe, editor of the Confectioner's Review. He first attended a convention in Atlantic City and landed in town for one week's stay on Broadway.

He only remained two days, however, and went back to his hotel to pack his grips. A friend called him on the phone to make an engagement for that evening. "I am beating it tonight," was the reply.

"I thought you were going to stay a week. What's the matter?"

"I can't stay," was the reply. "My bank roll today looks like a post impressionist picture of Vernon Castle's left leg."

There are some eccentric folk on Manhattan Isle. For instance there is the lady who murdered her otherwise perfectly good husband because "he was too full of chatter." Rube Goldberg, the cartoonist, suggests that she be turned loose in the subway to get the pests who try to talk above the roar of the trains.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the uric acid of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

ASKS WILLIS TO VETO FULL TRAIN CREW BILL

Columbus, May 26.—J. E. White, legislative agent for railroad trainmen appended to Governor Willis to veto the Graham so-called "full train crew" bill which has been passed by the legislature. He said a sleeper had been discovered in the measure after it had been amended by the senate. The bill now compels railroads not less than three brakemen on every passenger train but permits one of them to act as baggage man. He said this is objectionable to railroad employees. The governor's attention was called to what is said to be a growing feeling of dissatisfaction by labor interests over the state concerning legislative action on their measures.

Governor Willis had another day in which to sign the Gallahar bill abolishing the compulsory mine run system in coal production and it was said at his office he probably would not sign it today. He has discussed the bill's merits with a number of persons informally during the past week, it was learned. The governor's attitude toward the Jackson bill which would have created a new financial system for cities, was the subject of a conference between him and Representative Jackson of Clark today. It was said the executive would not change his policy of hostility toward the bill which was passed, then reconsidered and killed by the senate. Second reconsideration of the bill when the assembly convenes for its final session tomorrow has been proposed.

The conference committee on the Sprague so-called gerrymander bill, continued today its efforts to devise a congressional map that will be accepted by both houses. Representative Reigardt of Fulton, a member of the committee, said the most difficulty was encountered in trying to fix boundaries for the 5th and 17th districts. It was reported a compromise had been reached tentatively to make the fifth district consist of Williams, Fulton, DeFiance, Henry, Wood, Paulding and Van Wert counties, omitting Putnam, which the senate added to the house draft. The 17th district then would consist of Summit, Portage and Wayne counties, in accordance with Senate plans. Both senators and representatives expressed in private hostility toward these arrangements, however. Members of the conference committee said informally they feared they might not be able to develop a redistricting measure agreeable to both houses.

No other conference committees had met before noon, but legislators were returning from their homes during the day for the session which convenes tomorrow.

The First Presbyterian Women's Missionary Society met yesterday afternoon at the home of Mrs. Chris Young. Miss Mary Davis and Mrs. Young had the missionary readings. Refreshments were served by the hostesses. Next month's meeting will be held in the church, where the members of the Central Presbyterian Missionary Society will be the guests.

ITALY SAYS ARMY HAS ADVANCED

tensive French attack commenced in the afternoon failed completely.

"In the region to the north and to the south of high road between Sonchey and Bethune the enemy had first succeeded in penetrating our trenches, but our counter attacks again put us in full possession of our positions. One hundred Frenchmen remained in our hands.

"In the region south of Sonchey several repeated strong attacks directed by white and colored French troops against our lines completely broke down before our entanglements. Our opponents suffered heavy losses everywhere.

"An advance of the enemy in the eastern part of the forest of LePretre was easily repulsed. A hostile flying machine was broken down at a point south of Lens by our aviators."

FRENCH REPORT

Paris, May 26.—The French war office this afternoon gave out a report on the progress of hostilities readings:

"The checks inflicted upon the enemy yesterday in the region of Angres and at a point to the north of the height of Lorette determined the German's local back

with an attack of extreme violence. There was furious fighting last evening and during the night. We were successful in retaining all our gains. Our troops gave evidence of magnificent courage and showed splendid tenacity of purpose.

"The Germans in the beginning delivered a counter attack against the work captured by us to the northwest of Angres. Furious attempts to take this position were made by them time and time again. In spite of the exceptionally intense bombardment to which our troops were subjected, we retained possession of all of our new positions.

"Furthermore at the end of the day we occupied almost entirely the position near Bural where we gained a footing in the afternoon. Here we are maintaining our service under a violent fire. At the same time we have gained ground on the heights to the northwest and we have captured a trench of the enemy in the environs of Sonchey.

"An artillery engagement of considerable severity developed yesterday in the region of Sonchey; there was another such encounter near Rheims."

AMERICAN STEAMER IS TORPEDOED

(Continued From Page 1.)

have blown large fogs.

Yesterday evening was clear and the period between 8 and 9 o'clock is the twilight hour in the British Islands at this season of the year. A message to Lloyd's says an armed cruiser went to the assistance of the Nebraska and stood by her all night. The German submarine campaign is continued actively. Dispatches from Norway say the people of that country have been aroused by the sinking last week of the Norwegian steamer Minerva and the attempt to torpedo the Iris which went to her assistance. The steamer Cromer, loaded with passengers, had a narrow escape from being torpedoed while bound for Rotterdam yesterday. A submarine fired a torpedo without warning. It missed the ship by only 15 yards.

According to the story to Rotterdam correspondents, the periscope was seen 500 yards distant and then the wash of the torpedo which was moving so rapidly that nothing could be done to avoid it. The attack occurred at a point four miles north of North Hinder lightship.

Philadelphia, May 26.—The steamship Nebraska, it was said here was bound for Delaware breakwater in ballast for orders. This means that upon arrival there the agents of the ship would direct its master to proceed to any port where a cargo might be procured, possibly to the Pacific coast via the Panama canal.

The Nebraska sailed from New York, May 7, and arrived at Liverpool on May 19. Previous to the war the ship had been active in trade between northern ports and Galveston but since the outbreak of the war had made one voyage to London and one to Bremen.

Washington, May 26.—The status of the Nebraska under international law brought out a variety of discussions today when news was received that the vessel was chartered to the White Star Line. Whether sunk by a mine or a torpedo, a claim for damages might raise a complicated question, it was said. If the

Nebraska was in the service of a British concern, according to previous discussion in such cases, she would be a lawful prize liable to seizure and condemnation. Chief Justice Chase has held that "neutral vessels engaged in belligerent trade or service, become impressed with a belligerent character." The fact that Americans were aboard the Nebraska would require, under the position taken by the United States, that the vessel would be given due warning and her crew removed to a place of safety before destruction.

Officials here are interested in learning exactly what were the Nebraska's arrangements under charter. If she struck a mine, responsibility would be difficult to fix, as the United States government has never been able to determine whether Germany or Great Britain laid the mines in the open sea which destroyed the American cotton ships Evelyn and Caribbean.

LOSING HOPE WOMAN VERY ILL

Finally Restored To Health
By Lydia E. Pinkham's
Vegetable Compound

Belleuve, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not say too much for it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. P. D. No. 7, Belleuve, Ohio.

Woman's Precious Gift. The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so afflicted such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham, Medicine Co., (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse, that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic, cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not grip or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

Postmaster Harold Is Chosen As Judge

Postmaster Valco Harold, of this city, has been selected as one of the two judges from Ohio at the Interstate Old-Time Fiddlers' convention, which will be held in Huntington, W. Va., on Wednesday and Thursday, June 2nd and 3rd. Old-time fiddlers from Kentucky, Ohio, Virginia and West Virginia will compete for valuable prizes, ranging from \$25 to \$50. Gold, silver and bronze medals will also be awarded to the successful contestants.

The contest also includes the most original dance calls, the best self-composed fiddle tunes, and for the most excellent rendition of such old-time fiddle favorites as Arkansas

Traveler, Turkey in the Straw, Sourwood Mountain, Devil's Dream, Dixie, Mocking Bird and others.

A special contest for ladies will include fiddle, banjo, mandolin and guitar selections and will be held on Thursday afternoon, at three o'clock.

Charles N. Anderson, formerly of Portsmouth, now a leading department store owner of Huntington, is chairman of the executive committee, which includes a number of the leading business and professional men of Huntington.

Each of the four states is entitled to two judges. The other judges from Ohio will be Congressman Robert M. Switzer, of Gallipolis.

FIRST VISIT SINCE 1887

C. W. Fisher, of Columbus, is the guest of his brother, B. J. Fisher, this being his first visit to Portsmouth since 1887. At that time he was a "news butcher" on the old Scioto Valley line, and says while he expected to find many changes in Portsmouth he scarcely expected to see such a thriving little city.

Mr. Fisher is an engineer in the Columbus fire department, and is stationed at headquarters. He has been in the service since 1899 and has never been seriously hurt, although some of his comrades have been killed during big fires in the Capital City.

GETS DIVORCE, ALIMONY AND CUSTODY OF CHILD

Bessie Springer was granted a divorce in common pleas court Wednesday morning from her husband, William Springer, by Judge Thomas, on the grounds of adultery and cruelty. The couple separated last December and Mrs. Springer stated an action for divorce several weeks later.

Several witnesses testified to the good character of the plaintiff. The couple were married in March, 1907, and have one child, Maudeline, aged seven years. Mrs. Springer also awarded the custody of the child and \$2.50 a week alimony for

its support. Blair and Kimble represented the plaintiff and Miller and Seard the defendant.

LOSS OF APPETITE

Most Successfully Treated by
Taking Hood's Sarsaparilla

Loss of appetite is accompanied by loss of vitality, which is serious.

It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions.

Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist today. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

Hood's Sarsaparilla makes the rich red blood the digestive organs need.

Will Run Special

It was announced Wednesday that the N. & W. would run a special train to Cincinnati on Sunday, June 6. It will leave here at 7:15 a. m. and returning will leave Cincinnati at 7 o'clock, arriving in Portsmouth at 10 o'clock.

"We will operate a special train on this schedule each Sunday of the summer if patronage will warrant it," said Passenger Agent R. E. Scott, Wednesday.

EXTRA! TRAMP WANTED SOAP

The Times cartoonist had an experience this morning which assuredly cannot happen to a man more than once in a lifetime. He had just finished his breakfast when there came a knock at the door. Responding he was confronted by a typical specimen of the genius hobo and a conversation something like the following took place:

"The hobo spoke in a very low voice looking around cautiously as if to be sure that he was not overheard."

"You'll have to speak louder," said "Shonk," "I can't quite get you."

The hobo repeated the question a little louder, while his features took on an expression of wild terror.

"Can't getcha yet," said "Shonk." "I'm er a little hard hearing you know." He had a strong suspicion though that the man wanted a hand-out, but for once in his life he was wrong. With a terrific effort the hobo managed to say:

"Can you give me a piece of soap, I wanta wash my hands now and then." "Shonk" nearly collapsed, but managed to hold up long enough to hand over a cake of soap.

A REAL FISH STORY

Huntington, W. Va., May 26.—A cat fish weighing about 70 pounds was captured Sunday by J. L. Blake, of Coryville, O., in the Ohio river. Mr. and Mrs. Blake were returning from Huntington in a small boat. Nearing the Ohio shore, Mr. Blake noticed the large fish and grabbed it with his hands. So powerful was the big cat that he turned the boat around before Mr. Blake was able to grasp the ears. The boat was finally rowed to the shore and the fish landed. It was one of the largest captured for some time.

COMPLAINTS

Complaints about stagnant water in Oscar Barklow's cellar at No. 1415 Twelfth street and about an unsanitary stable at No. 1328 Robinson avenue have been referred to Arthur Hinton, city sanitary officer.

The city has been asked to remove the dilapidated line fence between the cemetery sexton's property and the Tucker property as all neighbors there are planning to remove fences from in front of their homes.

Police officials have again reminded J. C. Manning of Chillicothe street that the laws require second hand dealers to file daily reports with the police department of all articles bought and the names of the persons from whom purchased.

A Nurse says:

"I have been a trained nurse for some fifteen years, and like many nurses, drank strong coffee. About two years ago I had to call a halt. I missed my coffee until some one recommended Postum, which I have used ever since, recommending it to many of my patients."

A Teacher says:

"I have been a coffee drinker ever since I can remember. I have been teaching school for sixteen years, and became more and more nervous. I could not sleep. After reading some of your literature I decided to try Postum. I have been using it about thirty days; my nerves have improved; I have no headache; sleep peacefully, and am able to do my school work better."

A Doctor says:

"I often find it necessary to prohibit the use of coffee for my patients, and have advised the use of Postum with good results to the nervous system and digestive apparatus."

When the time comes that you want to get rid of coffee troubles, quit coffee and use

Dearest Dolly.—Why are some of the figures in a calendar printed in red? For instance, Monday the 24th inst. was in red. Why is this thus?

LUKE.
In the absence of a better reason I should say it was done to make the calendar look more attractive. I have several calendars on which the figures are all in black, so you see if there was any significance attached to red figures they would appear on all calendars.

Dear Dolly.—Will you please tell us what is the matter with us? We are two girls 17 years old. We are jolly and like to have a good time, but we cannot get any gentlemen friends. Many different girls have said that they suppose we have an awfully good time when we go out together, but we really don't.

One thing is we don't believe in running after fellows. If two fellows come up, we talk to them and then turn them down, because we don't like the idea of meeting fellows on the street without an introduction. Are we in the right or wrong? Please advise us.

GIUMES.
Girls who make themselves easy to get aren't the ones wanted by boys. You should never talk to unknown boys on the street; you should never even

and women do not marry before 20 or 30 and the percentage of those electing to remain single is also increasing every year. This is not due to lack of opportunity to marry, but to an increasing knowledge of many men and women which make life with any of them seem undesirable. Personally I think a girl should be 24 or 25 before she marries. As a rule a man is hardly able financially to marry before 25 or 30.

Dear Dolly.—I am a young girl of eighteen years and am considered very attractive by my companions. I am in love with a young man twenty years old, but unfortunately, he is very feeble. Now what can I do to make him really care for me?

MIRANDA.
Do not let him come to see you too often; have other boy friends; and of all things do not be afraid of losing him. Play fearlessly and indifferently, as though he were welcome to forget you any moment he chooses. Find out if there is anything he does particularly well. If there is, compliment him about it. Interest yourself in the subjects in which he is interested and talk about them.

Dear Dolly.—What should a girl talk about when out with a boy friend? I can't seem to think of a thing to say when my beau calls. Other times I'm quite talkative.

RUTH.
Almost anything but love. Talk about things you would not mind having your parents hear and conversations will be all right. You will have to use your own individuality in choosing topics.

Mary.—I cannot discuss such things in this column. Since everything else has failed you may consult a physician. The last remedy you mentioned will only produce artificial flesh so I would not advise you to use it unless upon the advice of a physician. I know nothing about the patent medicine you mentioned therefore cannot recommend it. If you will phone me I will be glad to answer your questions.

pink ponies and white snap-dragons. Mrs. Wade S. Kennedy's guest, Mrs. Charles Lacey, of Havensville, Ill., and Miss Pauline Gillespie, of McConnellsville, guest of Mrs. J. C. DARKEN GRAY HAIR, LOOK YOUNG

Don't look old—look young—so if your hair is wispy, thin, fading, gray streaked with gray, faded, dry, prematurely gray, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Your gray hair will be beautifully darkened, lustrous, soft, fresh, wavy, with that dark lustrous gloss which makes the hair so fascinating and attractive. Also stops itching scalp, dandruff and falling hair. Q-Ban is not a dye, but acts on the roots so the gray hair is so evenly and beautifully darkened that no one can tell it has been used. Q-Ban is not sticky or messy; harmless. Try it. Big 7-oz. bottle only 50c. Stewart Drug Co., Portsmouth, O. Out of town folks supplied by mail.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't stay gray! Sage Tea and Sulphur drenches hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 60 cent bottle of "Weyl's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it drenches the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, craggy and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all hair-dress goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Weyl's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

SHOOTING MAY LEAD TO A RECONCILIATION

Robert Blevins, who was held to the grand jury for alleged shooting with intent to kill William Browning, was transferred from the city prison to the county jail Wednesday morning, having been unable to give bond, which had been fixed at \$2500. Browning was reported doing nicely at Hampstead hospital Wednesday morning and it is now thought will recover from his wound. He, himself, has been greatly worried, believing that he would not survive. The bullet just missed his heart. Browning's wife has been a daily visitor at his bedside, and should he recover they will live together again, having agreed to bury their past differences.

Cut Out Exams

Huntington, W. Va., May 26.—A radical departure from the customs of the past is to be made this year by the public school authorities in that promotion will be made without any particular reference to the mid-year examination and without any closing examination. A bulletin to this effect has been issued from the office of Superintendent Wilson M. Foulk, who, after a conference with principals and teachers, decided to make a test this year of the theory which has been gaining ground for the past quarter of a century to the effect that written examinations do not constitute a fair basis on which to test the fitness of pupil or teacher.

GIVEN TIME TO PRODUCE RING

Ten days time was given Carroll Lodwick in which to return a \$65 diamond ring he was charged with taking from the home of Norman Clark a couple of years ago, the case coming up for hearing in police court Tuesday evening. The two young men had been boon companions and according to the testimony given had one day searched for a lost hall in the Clark house. Clark pointed out a bag containing jewelry among others the ring, but did not exhibit it. The following night the young men were to have gone possum hunting but Lodwick did not show up and had since never visited the Clark home, it was claimed, despite pressing invitations tendered him and this caused Clark to suspect him. It was said the ring had since passed into the hands of a girl, Lodwick just as vigorously denied the theft but the court stood pat on his decision as given jewelry among others the ring, above.

SMALL CROWD ON BOAT. ANOTHER EXCURSION TONIGHT

Rain interfered with the attendance on the Homer Smith boat excursion Tuesday evening, less than two hundred going. A large crowd, however, watched the boat load up and depart from the wharf. About one hundred passengers were on the afternoon excursion. The Homer Smith will make its last excursion of the season from the local wharf this evening under the auspices of the Portsmouth Lodge of Elks.

STOLE FLOWERS FROM GRAVE TO PUT ON HIS WIFE'S GRAVE

An aged Findlay street citizen was placed on the police carpet Tuesday evening for alleged taking flowers from off graves at Greenlawn cemetery. He had been ordered in at the instance of Henry Prosch, superintendent of Greenlawn cemetery. A family named Ball, according to his story, had missed a rose bush from the grave of a departed relative and after diligent search found it on the grave of the man's wife. He acknowledged it is said, to taking the rose bush. Mr. Prosch declared he had been vainly watching to catch someone in the act of stealing flowers and said he had never suspected the man, who was dismissed with a lecture.

VIENNA CAMP

Vienna Camp, Sons of Veterans, at the special meeting called tonight at Selby (G. A. R.) hall, will recess and go in a body to the Williams home on Ninth street to pay their respects as the late John M. All members of Camp urged to come and come early as possible. Several new members will be initiated this evening.

UNDERGOES OPERATION

Mrs. John Arthurs of 1812 Vinton avenue, received a telegram from Waco, Texas, Wednesday morning stating that her daughter, Mrs. Pauline Donalds, wife of Eddie Donalds, well known base ball pitcher, successfully underwent an operation for appendicitis Tuesday afternoon. She is in a Waco hospital and her condition is very satisfactory, according to a telegram Mrs. Arthurs received from Mr. Donalds this morning.

WANTS CARS TO STOP NEAR SIDE OF CROSSINGS

As the result of the tragic accident which resulted in the death of John M. Williams, former public service director, Tuesday, the mayor asked the street railway company to issue an order requiring all street cars to stop on the near side of street crossings.

Among the reasons he advanced, in addition to the growth of the city and the congestion of traffic, why cars should come to a stop before crossing streets are:

First—Where cars stop before crossing the street, the motorman has his car slowing down at nearly every street crossing, thus giving other traffic a chance to clear the car track, while the car is receiving or discharging passengers.

Second—Where cars stop before making the street crossing, there is no danger of the passengers alighting from one car and stepping in front of the car moving in the opposite direction, eliminating accidents from that source.

The mayor hopes the order will be issued, for otherwise he claims he will recommend to city council the

Hand Torn

George Adams, a member of the firm of Adams Bros., Offshore street bakers, Tuesday afternoon had his right hand caught in the cog-wheels of the "divider." Two lacerations were made in the palm and back of the hand. It required eight stitches to close one of the cuts and five to close the other. The muscle tissues were badly torn and the hand slightly crushed. Dr. Braunlin dressed the wounds.

OPTION ELECTION IN BOYD COUNTY

Ashland, Ky., May 26.—Judge Wade, of the county court, yesterday afternoon ordered that a wet and dry election be held in Boyd county June 28 next. There were 1,100 names on the petitions asking that an election be called. The wetts filed petitions bearing many hundred names asking that the election be not called at this time. The court admitted the petitions, but held that they had no standing in the court under the law.

W. C. BANQUET

Older members of the River City Grove, Woodmen Circle, were banqueted last evening by the younger members, at the conclusion of the regular meeting. Dining was also among the pleasing features of the evening's enjoyment, the music being furnished by a string trio, Gordon Hughes, Arthur Smiley and Arthur McDermott, with Mrs. C. C. Milstead accompanist. It was voted the most enjoyable evening in the history of River City Grove.

The older members, formerly of Elm City Grove, who were complimented, were Jacob Kih, Lena Kah, Cecil Milstead, Louella Milstead, Robert Janitsky, Ida Janitsky, Mr. and Mrs. McGraw, May Routt, Mrs. George Clifford.

Four candidates were initiated at the meeting: Mrs. Della Alvord, Gladys Jenkins, Mrs. Barnhart and Miss Noel.

Memorial Exercises At Wheelersburg

Arrangements for the Wheelersburg G. A. R. memorial exercises to be held Saturday are almost perfected.

A procession composed of all the school children and G. A. R. veterans will form at the Methodist church at nine o'clock and will march from the church to the

metemetry where the graves of the fallen veterans will be decorated. There will be songs and recitations by the pupils and several speeches. Prof. E. O. McCowen is looking about for several speakers and if unable to find any he will speak himself.

The Sciotoville G. A. R. has been asked to take part and they have sent word they will be out in full force. Sunday evening Rev. C. F. Hagar, pastor of the Wheelersburg M. E. church, will deliver the G. A. R. memorial sermon at the M. E. church. All are invited to attend the services.

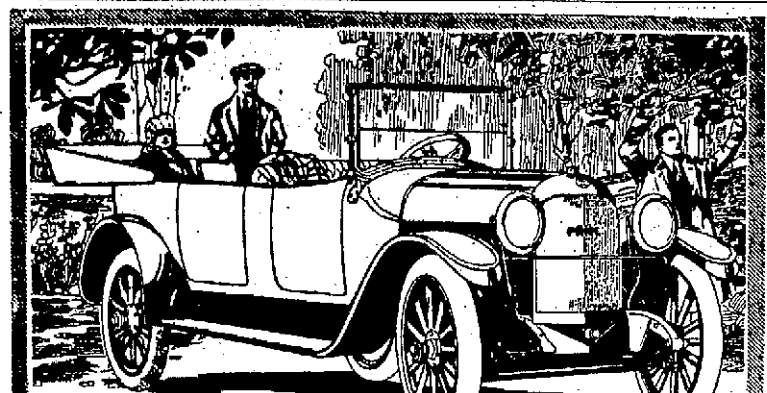

Following are the members of the Sciotoville G. A. R.: Charles Walden, Chris Hasselman, David Pyles, Julius Foye, Andrew Barnett, Elijah Sargent, J. K. Hastings, Frank Hood, George Cusler, Engelbert Nagel, W. Shump, Wesley Crawford, Fred Allard, Gen. Riddout and Mr. Forinash.

The following are Wheelersburg G. A. R. members: Henry Kline, Robert Clutts, Thomas Calhoun, Martin Klunkon, Fred Goinsheimer, Will Fullerton, Jas. Montgomery, Isaac Spears, Jas. Miles, George Courtright, Frank Hennessey, Robert Hackett and Thomas Kilpatrick.

To Infirmary
Solomon Mack, 23, a North Carolina negro, who had all of his teeth knocked out and was otherwise roughly handled in a fight with five others in a camp car at Sciotoville, was sent to the infirmary Tuesday.

Fingers Mashed
Henry Parker, N. & W. brakeman, living in East Portsmouth, had two fingers on his right hand mashed Tuesday afternoon while coupling cars in the local yards.

PAIGE
"The Standard of Value and Quality"

We'll Take the Family in the Paige

It is good just to live these days. But it is better to be in the open, to be swinging through the green country-side, through woodlands, past quiet lakes, beyond the noise-zone and dirt-zone and worry-zone of the city—in the warm sunshine of young summer—with the family. That's the vital point—with the family. And the Paige "Six"—seven passenger "Six"—the most popular, the fastest selling, the sensational "Six" of the year—is the vehicle that enables the family to take its tours, and recreation—together.

Why is the Paige "Six" the most popular light "Six" of the year? First, there is its amazingly low price—\$1395.

Then, there is the national verdict that the Paige "Six" offers a combination of highest-grade features that cannot be bought in any other six-cylinder car—whatever the price.

What are the Paige Six's Features?

The distinctive beauty of the design, and full seven-passenger roominess and comfort.

The unequalled ease of riding on all roads and hills, accomplished by the cantilever spring suspension.

The vast power and flexibility of the Paige Continental motor (344544).

The easily-operated and always dependable Gray & Davis electric equipment for starting the motor and electrically lighting the car.

The Rayfield carburetor which means unflinching service and the Bosch Magneto which means the world's best ignition.

The multiple disc cork-inset clutch, luxurious leather upholstery, one-man top and a score of other distinctive features that, together, mean the very acme of luxurious motoring—and at the Paige Price—\$1395.

These are the reasons why the Paige "Six" is unique—why the Paige "Six" is "the year-ahead car"—why next year the Paige "Six" will be the most widely copied car in the country.

Today its position is supreme and its supremacy is unchallenged.

Today—see your Paige Dealer and let him show the family the wonderful working Paige "Six."

CHILD SWALLOWS MORPHINE; STILL LIVES

Heroic measures were employed today to save the life of the sixteen-months-old son of Mr. and Mrs. William Sargent, 1224 Ninth street, who swallowed a one-fourth grain morphine tablet about 7.30 o'clock this morning.

For several hours, every possible means was used to keep the child awake. Had the child fallen asleep, death would have been inevitable, according to the physicians. Neighbors assisted, the anxious parents in preventing sleep; the little one was bounced up and down frequently, amused with toys, and given frequent plunges in cold water to overcome the feeling of drowsiness which the drug occasioned.

It was not until two o'clock this afternoon that the physicians held out assurance to the parents that the child had an excellent chance to recover, although the danger was not entirely removed.

Less trouble was experienced in keeping him awake at that time, and his actions indicated that the effects of the drug were gradually wearing off.

Several morphine tablets had upon the floor, and it is supposed been left on the inside window that the baby, in crawling about all at the Sargent home. One of the room, picked it up and placed them was accidentally pushed off it in its mouth, afterward swal-

lowing it.

Shortly after, the little fellow was thrown into violent spasms, and a hurry call was sent for medical assistance. Drs. Fitch, Alford and Quinn responded, and the three physicians used every method known to medical science to counteract the influence of the drug. For several hours the child's life was despaired of, but the constant efforts of the physicians, family and friends won out in the desperate battle for his life.

Late this afternoon, it was stated at the Sargent home that the chances were bright for the child's recovery.

WILL CONTINUE HIS SALOON

At Frederick, the Market street saloonist, avoided the sale of his saloon fixtures and furniture by Constable Wolfe, Saturday, by coming into Squire Finney's court this afternoon, and paying off all judgments and costs that were returned against him. He will continue to conduct the saloon.

GOES ON VACATION.

John McMahon, a local mail carrier, will begin a fifteen days' vacation Thursday, which will not include Sundays or holidays. Mr. McMahon will not have to return to work until June 15th.

WHO OWNS THE VEHICLE?

Hearing to determine the real owner of the horse and the wagon toyed upon by Sheriff Smith to satisfy a judgment of \$185 and costs returned against George Pisman, a foreigner of New Boston, in favor of George Anderson, was partially concluded in Squire Byron's court this afternoon. Since the goods were toyed upon George Lewis, of Cincinnati, former chef at the Manhattan restaurant in this city, set up a claim to ownership of the property, and wants the goods restored to him.

The hearing will be concluded Thursday morning at 9.30 o'clock. Johnson and Johnson represent Anderson, and Edward Dahler is Lewis' attorney.

Plumbers Controversy Remains The Same

The only new development in the plumbers' controversy, Wednesday, was the announcement that William Lynn of Cincinnati had arrived in the city and was looking carefully into every phase of the trouble. Neither side would give out a statement as to the status of the strike Wednesday. Mr. Lynn is identified with the various plumbing organizations in Cincinnati.

BUYS TIMES STAR AGENCY

The local agency of the Cincinnati Times-Star changed ownership Wednesday, when Walter Gableman purchased it through a deal completed by William Berwanger, district circulation manager of the Times-Star. The agency for the past two years had been controlled by Robert E. Lewis of Fourth and Gay street, who has taken a road position with the Shamrock Chewing Gum company.

SPLENDID PROGRESS ON SCIOTO RIVER BRIDGE

The Mt. Vernon Bridge company is making fine headway with the super-structure work at the new Scioto river county bridge. Two sets of "the travelers" are already up and in use. There are to be three sets in the affair. Long booms extend out from the end of each set and are used in moving the heavy structural iron out over the water from one pier to another. Two cars of super-structure steel are on the way.

HAD SPLENDID TRIP

Robert Cox, of 1341 Fourth street, has returned from New York City, where he visited his brother, Richard Cox, and his mother, Mrs. Alice Cox. While in New York he visited the United States Battleship Utah and took a peep into the big guns. He had a look at President Wilson when he inspected the United States Navy and returned with a number of beautiful cards picturing United States battleships and scenes along the Hudson river, which he is showing to friends. His brother, who runs a boat house on the Hudson river, received a medal from the British government a short time ago for saving several lives. He holds the world's record for saving lives.

Regulations For Road Preservation

In an endeavor to preserve the roads of Scioto county, the county commissioners, in session this afternoon, decided unanimously to rigidly enforce the provisions of a resolution, passed by the county commissioners in November, 1906, and still in effect. Certain sized tires will be required on wagons carrying certain loads.

Here Are The Teachers Who Get Certificates

The city board of school examiners Wednesday announced the following successful applicants for teachers' certificates:

Three Years—Miss Louise Small and Miss Bess Smith.

One Year—Misses Mary Anderson, Lucile Belmont, Ruth Fowler, Ida Fries, Alice Maier, Esther Moritz, Effie Shackelford, Dorothy Waller, Ledora White, May Zimmerman.

Kindergarten—One Year—Miss Gertrude Elliott and Miss Gertha Gilliland.

Co. K Attention

All members of Co. K, O. N. G., are requested to attend a meeting of the company at Kendall's hall this (Wednesday) evening at 7 o'clock to be measured for new uniforms. Kendall's hall will probably be used as a temporary armory.

WILL SEE EXPOSITION

F. H. Ellison, real estate dealer of Manchester, who is preparing to start a personally conducted tour to the Panama Exposition from this section, was in Portsmouth Wednesday, making the final arrangements. Twenty-five will be in the party that will leave next Tuesday morning, four of them from this city. They are Judge James S. Thomas, Charles Lawwill, Chester Davidson, and Mrs. J. T. McCormick. The balance of the party is made up of Southern Ohio residents.

SOCIETY

Mr. and Mrs. William Ham, of Vanceburg, have returned to Portsmouth and will reside here during the summer.

Miss Ella Kelley, of Wapakoneta, O., is the guest of Mrs. Lila Hornbuckle, of Robinson avenue.

Mrs. Homer Ellis, of Maysville, formerly Miss Elsie Cadon, of Buena Vista, will undergo a surgical operation Thursday. The operation will be performed by Dr. O. W. Robe of this city.

Mrs. L. R. Gifford of Rome, is visiting her daughter, Miss Lola Gifford of this city.

New York, May 26—Jacob Ruppert, one of the most widely known brewers of this country, and founder of the Jacob Ruppert Brewing Company, died in his home here late last night. WATCH FOR MEMORIAL DAY ARRANGEMENTS

Members of Bailey Relief corps are requested to watch the papers for information regarding the arrangements made by the G. A. R. for the observance of Memorial Sunday, and also for Monday when the graves of comrades are to be decorated. The Post will announce the place where flowers are to be brought very early Monday morning. Corps members are asked to meet there to fill baskets, beginning at 7.30 if possible.

Members of other patriotic societies, the S. O. V. Auxiliary, Jr. O. U. A. M., and all who wish to honor the memory of the soldiers are invited to join us in this work, and also in the Memorial Day services at the Fourth Street Methodist church at 1.30 p. m. Sunday, May 30, wearing the badge of their orders, and bringing flowers on Monday. Contributions of flowers from the citizens generally will be appreciated.

BIRTHS

Mr. and Mrs. George Floyd of 1231 Twelfth street, are the proud parents of a baby daughter the stark left at their home Wednesday morning. Mr. Floyd is a foreman of the testing room of the Heer Engine company's plant.

A fine little son was born Tuesday evening to Mr. and Mrs. R. J. Minford of the Hilltop. Mr. Minford is a shoemaker.

Mr. Otto E. Haffner, employed as salesman at Jake Pfaff's bakery is all "swelled up" today, and not from a bee sting either for last night his wife, (nee Marie Winkler), presented him with a winsome little daughter at their home, 1637 Offene street. Mr. Haffner's fellow employees are busy extending congratulations and passing the hat to buy the little miss a present. They have christened her Mauritta Lorraine.

Mr. and Mrs. Albert Kaltenbeck, of South Webster, are rejoicing over the arrival of a baby daughter who made her appearance several days ago. The proud "daddy" is employed at the Buckeye brick plant.

Did you notice the smile on John Bowser's face Wednesday? A second-born baby daughter arrived at his home, 2001 Grant street, Tuesday night. The little lady has been named Olive Margaret Bowser and is the first born to Mr. and Mrs. Bowser. Mr. Bowser works in the time-keepers' office at the Whitaker-Glessner steel plant.

OBSERVE ROADS DAY.

Pittsburgh, May 26—"Good roads day" is being observed throughout Pennsylvania today in accordance with a proclamation issued by Gov. Martin G. Brumbaugh. Fifteen thousand men and several thousand teams are expected to take part in the improvement of highways in Allegheny county, while many women's organizations have agreed to furnish hot lunches to the workers in charge.

GINGER ALE Best in the World

THERE is no purer, more wholesome hot-weather drink than this altogether delightful beverage. It is perfectly safe to drink when you are overheated, as the mild stimulus of the ginger overcomes that "ice cold" shock.

Clequot is real ginger ale, made of the best Jamaica ginger, the juices of limes and lemons, cane sugar and the cold water that bubbles up from the deep, rock-bottom Clequot Springs. This water is mildly laxative.

Each bottle holds enough to satisfy several small-sized thirsts, or two large-sized ones. Show your skill in mixing drinks. Clequot Club Ginger Ale mixes attractively with almost anything drinkable. Keep a bottle, or two on ice, and let the children "treat" at home.

ITALY CLAIMS TROOPS HAVE OCCUPIED MANY ENEMY FRONTIER TOWNS

Alone, May 26, (Vic. 1 Page 20) — Offensive operations, resulting in the occupation of "Austrian" territory all along the frontier from Lombardy to the Atlantic, were claimed in an official statement issued tonight by the war office. Italian troops have seized various towns in the Trentino and forced their way through mountain defiles. On the Lower Isonzo attacks were continued to gain the "kiss of the river." The Austrians were said to have retired, destroying bridges behind them, Italian aviators bombarded Monfalcone near the Gulf of Trieste. "The communication follows:—

"Everywhere on the 24th our troops took the offensive, occupying Gorizia, Montefezio, Ponzio and Pontro, Cistaria, Val di Gradisvalle, territory north of Termon and Monfalcone.

"They also occupied Monte Rosso and Monte Serravalle, the latter and a few other towns between the Adriatic and Monte Delfino on the extremity of the Adriatic. Langhe Valley and the defiles of Val Brone

tain. We took a number of prisoners. In Cadore we occupied all the frontier defiles.

"The enemy's machine gunners' artillery opened fire on the bay of Mislina, but without results.

"On the Carnic frontier, on the night of the 24th, we took in a battery at the defile of Val d'Alfeyo and the extremity of Val diago.

"On the Friulan frontier, on the 25th, in the middle of the Isonzo region, we successfully continued our offensive operations near Caltore. We have disposed troops between the Isonzo and the Asicchio. Machine gunners' artillery of the Austrians at Santa Maria and Santa Lucia, to the southwest of Tolmino, occupied frozen the heights between the Isonzo and Asicchio, but without result.

"On the lower Isonzo we also continued our offensive to attain the line of the river. Everywhere the enemy's lines are destroying bridges and attacking communications.

"Our hospitals hospitalized the electric power house and railway station at Monfalcone."

Austro-Germans In Canada Are Seized

Vancouver, B.C., May 26. — The treatment of alien enemies yesterday in the coal-mining district of Vancouver (Canada) by troops of Austrians and Germans in the south field, Cumberland and Nanaimo, were placed on special train bound for the waterfront wharves.

The miners were taken into the mines a few days ago at strike breakers when the coal mines were shut up by the "O.V. storm" Federation strike. The former workmen are now to resume their jobs.

PACKERS WANT ENGLAND TO SETTLE FOR MEATS

Washington, May 26.—Representatives of the packers today continued their conferences with British embassy officials in an effort to get the British government to settle claims for detained cargoes of meat products consigned to Australia, Germany and

to release ships detained since the British order in council was issued.

It was said that Ambassador Spring Rice has indicated that his government would arrange to have tried promptly the cases of the four detained ships laden with meat which according to Alfred B. The packers had requested the state department to take up their case officially with the British government, but withdrew their request pending further conferences with the British embassy.

Redding, Calif., May 20.—Larkin Peak, once beautiful and the summer resort of its summit and the wealth of timber that enveloped it, stands today a ruin wrecked by its recent conflagration.

OUR LITTLE WORLD.

For nine straight days, ending Monday, rain had fallen in Portsmouth. Most of us felt and vaguely believed it was raining all over the earth. That just shows how immediately our world revolves right around us. As a matter of fact, during all this period, until Friday, the precipitation over the territory within less than a half dozen miles of Portsmouth, was scant and in some directions, starting not farther than ten miles away, there was a drought prevailing to such an extent as to seriously threaten crops.

THE SHEEP AND THE GOATS

Don Flannigan, who by the way, is the best rifle shot in Scioto county, and who wouldn't be any lagged in getting to the front if Uncle Sam went into this war game, proposes a settlement of our troubles that is just right.

Laying down the Noon Extra, carrying the news that Italy had taken up arms, he observed: "Well, they will fight. I wish those in Europe that don't wish to fight could be traded for our fellows that want to fight." It is a great and approvable idea. The only thing wrong about it is there is no way of making the exchange.

No such thing as luck! At Grafton, Illinois, a hurricane cut off huge trees about a powder factory, at a uniform distance of ten feet above the ground, and yet it didn't even wobble one of the dozen or so factory buildings, though each one had tons of dynamite in it. If that wind had done to the factory what it did to the trees a hole would have been torn through the Sucker State clear down to China.

"It was a cruel thing," said the man who stands on the First National Bank corner every day in the year, holidays included, "it was a cruel and heartless thing in Mr. Bannan shooting Governor Frank B. out of town by a bank room when every Republican in town who had an automobile was herded about the Washington Hotel or strung along the Chillicothe pike to act as an impromptu escort to the chief dispenser of life."

The sorrow of the newspaper editor over the advent of a new country into the European war is augmented, by the fact that every Jim Crow statesman in this country who ever made a speech on preparedness for war immediately begins a mail bombardment of newspaper offices with copies of his immortal declaration.

As we gather it the troubles of Candidate McCormick are not so much in sticking it out himself as it is to see that his able field marshals, Roy McElhenny and George Ditty stick with him. We suggest that he handoff them to the coat tails as the safest way to insure their being on hands when noses are counted.

A contemporary thinks the kings, monarchs and potentates, dukes, earls, royalty and nobility ought to greatly admire us, because after trouncing Spain, we paid her for the Philippines and actually let Cuba go free. True, true, indeed, but so ought the giant, who, without provocation, batters and bruises the pigmy, be admired because he does not plunder him also.

This world is pretty close knit together, though some people do still claim we ought to build walls of high tariff to shut ourselves off from the rest of mankind. The little run in of Japan on China sent down the price of ginseng, almost destroyed the market for it in this country for the time being. China is quite the sole consumer of the herb and the United States the chief producer.

A Republican writer says the majority of the legislature is against civil service, snivel service, as administered by Democrats. Why not be entirely honest about it, quit sniveling and say, "opposed to the doddartratted thing until our fellows get in." In other words, we are again anything that keeps the other fellows in and us out.

It is no more the villain pursuing her. It is she that is after him, though this particular "him" doesn't happen to be a villain. The suffragettes are going to trail President Wilson wherever he goes this summer.

HAS HE THE MAGIC LAMP?

With delight we read that this and that railway is giving out orders for this and that equipment or improvement, but here with 1915 just turning into the sixth month, we haven't yet had the delirium of our eagle eye falling on the announcement that the N. & W. is going to build a new station at Portsmouth—next year.

Half a hundred Portsmouthians entered Ironton through lie hands and commodious station Sunday, and going over to the hotel registered from McDermott. A new station is building at the village, nothing in sight for the Peerless, not even a promise for next year.

Worse and more of it. Austria and Italy are now engaged in an ill-natured gabfest in which is to blame for the war between them. We don't care anything about that. The fight is on and what we want is for one to whip the other good and plenty right away quick.

With some people and papers standing by the president means getting near enough to slug him with the club of partisan meanness.

Once more we feel ourselves again. Our days are filled with excursion steamer calliope music and trying to work is again a real pleasure.

Young Don Sellards has gotten himself located in the fight for the Republican nomination for mayor. He's for Kaps and he expects to swing the whole Willis organization to his choice.

A bunch of state myrmidons has been here ordering our people to tear down this and to repair that. All very fine—if the orders were only carried out.

Hardest thing in the world, break a habit. The New York garment workers are again going out on a strike.

The Sucker philosopher tells us a girl admires a fast young man—that is if she has got him; so fast that he can't break away.

Men think that what they attain by the twist of fortune is but a trifling tribute to their desert.

We should say the boss has not as yet regained his own in York State. But never mind, he is a come back who will get back.

Every time a man strikes a road in another county he can tell he isn't in Scioto.

One woe upon another heels doth tread. Now it is macaroni that is going to be scarce and higher because of the war.

Val Likes Springfield

Val Lee, former Sun theatre stage manager, writes from Springfield, O., where he is engaged in the automobile supply business that he is more than pleased with his work and likes it much better than show life, which he followed for a number of years. Mrs. Val Lee and son Robert B. Lee, will leave shortly for Springfield to join her husband.

OLD NEW YORK

New York, May 26.—The shock of the Lusitania disaster gave a new meaning to haste and efficiency in various commercial activities in New York. The newspaper and telegraph offices and cable stations were put to a test that has never been equalled, not even by the Titanic disaster.

The impact of the torpedo against the giant liner started various activities aside from the news gathering efforts. There were buttons on the streets with the Lusitania tragedy depicted by a sinking ship and a circle of mourning around it 24 hours after it happened. A novel based on the incident is now on the presses.

Probably the greatest feat of all, however, was the stroke of a big music publishing house. They received a manuscript only Tuesday noon, May 11, entitled "When the Lusitania Went Down." A consultation was held and the experts declared the melody was all that could be desired. Thirty hours later copies were being shipped from coast to coast. The first day 25,000 copies were sold and three days later the high tide of 75,000 had been reached.

The night after the tragedy the song was being sung with marvelous success in more than twelve theaters in Greater New York.

Edwin Fitzgerald, who is none other than Eddie "Roy," dropped into the eluding category in his home town New Rochelle the other night after attending a theater in New York.

He seated himself at a table and patiently waited the arrival of the garment. As time wore on he became drowsy and placing his head in his hands he nodded quietly—as if a man could nod any other way.

After a time he felt a gentle tug at his shoulder. He looked up quickly and there was a waiter. "Well, well," said "Roy," always the comedian, "I am mighty glad to see you. I have been expecting you every day."

The arrest of "Sage" Bill Ellis, erstwhile yodeler, has been a crowning victory for the Police. Narcotic Squad which is running a relentless war on yodelers in New York. Ellis, emboldened

with a Vandike beard and some \$50,000 worth of "drugs" was caught in a luxurious apartment on 104th street.

He is said to be the chief source of supply for drug fiends in New York. The loot was found in the false bottoms of trunks in the apartment. He has had a varied criminal career, the most notable being his appearance as a yodeler, but again the stars have faded him and now his natural body will have a chance to project itself through the walls of Headquarters.

Ellis, known as Charles Haldwin, and many other aliases, was once accused of the murder of Young Paul "Hamburger," who spent an inheritance of \$80,000 in two months. During his career as a yodeler he collected the life histories of all prominent women in New York for fortune telling purposes.

It takes the out of town visitor to observe things closely in New York. From Cincinnati the other day came Mike Keefe, editor of the Confectioner's Review. He first attended a convention in Atlantic City and landed in town for one week's stay on Broadway.

The editor remained two days, however, and went back to his hotel to pack his grip. A friend called him on the phone to make an engagement for that evening. "I am beating it tonight," was the reply.

"I thought you were going to stay a week. What's the matter?"

"I can't stay," was the reply. "My hank root today looks like a post impressionist picture of Volcan Castle's left leg."

There are some eccentric folk on Manhattan Island. For instance there is the lady who murdered her otherwise perfectly good husband because he was too full of chatter. "Rube" Goldberg, the cartoonist, suggests that she be turned loose in the subway to get the pasta who try to talk above the roar of the trains.

NOTION

OPEN NOSTRILS! END A COLD OR CATARRH
How To Get Relief When Head and Nose are Stuffed Up.

Count fifty. Your cold in head or catarrh disappears. Your blocked nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dizziness or headache, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen and inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effective, lithia water drink which helps overcome uric acid and is beneficial to your kidneys as well.

KEEP URIC ACID OUT OF JOINTS
Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.
Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; but drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weary and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

Can't you use a less hackneyed expression than "Hiked for the fall and winter timber?" asked the editor.

"Well," said the young reporter, "I might say, 'He beat it to the forest reserves' where the weeping willows have never had their ladies trimmed." Boston Truth.

It's Felt All Right
"You'll never be as popular as I was," you big stiff," said the Straw Hat to the Derby when departing for the season.

"Possibly not," answered the Derby, "yet my superiority is felt!"

Jumping at Conclusions
"Do not jump at conclusions and do not be hasty in judgment," said Strickland W. Gilliam. "To illustrate my story, I will tell a story of August." My pet dog, August, was always jumping at conclusions.

"He would run out into the street to jump at them."

"When a horse went by August would jump at her conclusion."

"When a cow went by August would jump at the mule's conclusion and the mule kicked."

"That was the last of August."

"And the next day was the first of September."

Doc Kokos COLUMN

Fortissimo

When Gladys plays the baby-grand
No matter if it's night or day,
The neighbors run to beat the band
And close the windows right away.

Her brother makes down for the creek
Her mother faints if she's not fanned
Her father takes a quiet sneak
When Gladys thumps her baby-grand.

The children run and hide their heads
They know that something has gone wrong
The dog and cat take to their beds
Their nerves are very far from strong.

She kills the live things in the chicken
The butter runs at her command
The birds are senseless in the trees
When Gladys claws her baby-grand.

The baby-grand her time can play
She says she really makes it talk
I know it makes some sort of noise
But that it speaks—I'll have to balk.

If it could talk and without stint
What it would say, please understand
I know would not be fit to print
When Gladys hangs her baby-grand.
